Notice: The certificate is subject to terms and condition, if any, overleaf. Any significant changes in design or construction of the product, the quality system or amendments to the Directive or Standards referenced above may render this certificate invalid. The product liability rests with the manufacturer or his representative in accordance with the Council Directive, as amended.

If any person suffers loss or damage which is proved to have been caused by any negligent act or omission of Det Norske Veritas, then Det Norske Veritas shall pay compensation to such person for his proved direct loss or damage. However, the compensation shall not exceed an amount equal to ten times the fee charged for the service in question, provided that the maximum compensation shall never exceed USD 2 million. In this provision "Det Norske Veritas" shall mean the Foundation Det Norske Veritas as well as all its subsidiaries, directors, officers, employees, agents and any other acting on behalf of Det Norske Veritas.

APPENDIX 1, REV. NO. 1

SCOPE AND CONDITIONS

Additional Site (added 2009-11-18); site cope is assembly of Nextech Series Ball Valves)

MCE Group plc (wholly owned subsidiary of ValvTechnologies, Inc.

**Pennine House,
Hurricane Court
Concorde Way,
Stockton-on-Tees
TS18 3TL
UK**

Products covered by this certificate

DNV has carried out the QS assessment of the Manufacturer's quality system to verify that the relevant requirements relating to the following equipment have been implemented.

Product Designation	DNV QS Assessment Report(s) Dated
Ball Valves – V1 Series	September 3, 2008
Gate Valves – PSG-1	September 3, 2008
Ball Valves – Nextech Series	March 13, 2008/September 3, 2008

Conditions

1. The system approval is only valid for the equipment listed above. For other equipment, an application for extension of the certificate must be sent to the local DNV Office.
2. The local DNV Office must be informed of any sub suppliers for main pressure retaining parts.
3. The production schedule for Category III equipment is assumed to be continuous, so the manufacturer does not need to inform the local DNV office of the intended schedule of production for equipment to Category III.
4. Periodical audits and unexpected visits will be held, in order to verify that the Manufacturer duly fulfils the obligations arising out of the approved quality system.
5. The Manufacturer must give information of any intended adjustments of the Quality System to DET NORSKE VERITAS, who will assess the changes and decide if the certificate remains valid.
6. When required by Annex I Section 4.2 and the Pressure Equipment Directive, "Particular Material Appraisal" for equipment of category III must be given by DET NORSKE VERITAS AS.

The manufacturer complies with the Council Directive 97/23/EC on Pressure Equipment and is allowed to affix the CE Mark followed by the DNV identification number 0575.
