

November 15, 2021

ValvTechnologies, Incorporated  
5904 Bingle Road  
Houston, Texas 77092  
United States

Dear Jason Woh,

We have reviewed the application for renewal of capacity certification of the subject valve type. Since the flow path is unchanged and functional testing is not required for power operated pressure relief valves, all requirements for recertification have been met. The drawings submitted will be retained for our records.

**ValvTechnologies, Incorporated** is hereby granted Capacity Certification and authorization to apply the "NB" mark and ASME Certification mark with the applicable designator to the valve type listed below. This authorization is only valid for the above location and only while the organization is fully implementing its quality control system as accepted by the National Board.

### **SCOPE OF CERTIFICATION**

**Capacity Certification Number: 59071**

**Valve Type: Z\*\*\*-145\*\*\*\*\*\_\*\*\*\*\*\_\*\*\***

**ASME Code Section(s): I**

**Media: Steam**

**Organization Type: Manufacturer**

**Manufacturer: ValvTechnologies, Incorporated**

**Certified Rating Value/Sizes/Pressure Range: As listed in the NB-18, <https://www.nationalboard.org/Index>**

**Expiration Date: October 15, 2027**

Please feel free to contact us with any questions.

Sincerely,

Gidget Fausnaugh
