

CERTIFICATE OF DESIGN VALIDATION TESTING

Certificate No. 20161496

Test Report No. ESP124

Manufacturer: ValvTechnologies, Inc.

Address: 5904 Bingle Rd. Houston, Texas 77092

The PR2 design validation test has been performed according to Annex F in API Spec 6A 21st Edition. The test product satisfied all the requirements and passed each level of the PR2 validation.

PARAMETERS OF TESTED PRODUCT:

Product	3-Piece Trunnion Mounted Metal-Seated Ball Valve		
Nominal Size	2 - 1/16"	Product Specification Level	PSL 3/3G
Rated Working Pressure	10,000 psi	Temperature Rating	L & U
Performance Level	PR2	Material Class	DD

COVERAGE RANGE:

Product Name	3-Piece Trunnion Mounted Metal-Seated Ball Valve
Nominal Size	2 - 1/16"
Pressure Class	API 10,000 psi
Temperature Rating	L & U (-50 to 250°F)
Material	Class DD

TESTING DATE: September 14 – September 18, 2020

Inspector Signature:  OLUYEMI ONI

Date: 09-18-2020
