Dear Jason Woh,

We have reviewed the application for renewal of capacity certification of the subject valve type. Since the flow path is unchanged and functional testing is not required for power operated pressure relief valves, all requirements for recertification have been met. The drawings submitted will be retained for our records.

ValvTechnologies, Incorporated is hereby granted Capacity Certification and authorization to apply the "NB" mark and ASME Certification mark with the applicable designator to the valve type listed below. This authorization is only valid for the above location and only while the organization is fully implementing its quality control system as accepted by the National Board.

SCOPE OF CERTIFICATION

Capacity Certification Number: 59105

Valve Type: Z*-105***8*, Z***-105***6***

ASME Code Section(s): I

Media: Steam

Organization Type: Manufacturer

Manufacturer: ValvTechnologies, Incorporated

Certified Rating Value/Sizes/Pressure Range: As listed in the NB-18, <https://www.nationalboard.org/Index>

Expiration Date: October 9, 2027

Please feel free to contact us with any questions.

Sincerely,

Gidget Fausnaugh
